UNITED STATES DEPARTMENT OF STATE  
OFFICE OF THE SECRETARY

July 11, 1962

The Representative of the United States of America to the United Nations presents his compliments to the Secretary-General of the United Nations and has the honor to refer to the Secretary-General's note of June 25, 1962 enclosing a copy of Note No. 245 of June 20, 1962 from the Permanent Mission of Cuba to the United Nations.

The Government of the United States rejects on without basis in fact the assertion by the Permanent Mission of Cuba to the United Nations that the action which occurred in New York City on April 27, 1962 involving the offices of Prensa Latina occurred with the permission, tacit or express, of the United States authorities. Not only are the charges of the Cuban Mission unfounded but this Government is at a loss to understand these reckless assertions in a matter in which the United States civil authorities have demonstrated complete cooperation and assistance. Moreover, Prensa Latina officials acknowledged these efforts and expressed their appreciation for the assistance which had been provided.

Latina concerning difficulties which the local authorities had learned might occur. On April 2, 1962 this Government became aware that an attack on the offices of Prensa Latina was contemplated by unknown persons and that this action would probably occur on April 17, 1962. Efforts to attempt to prevent such action were immediately taken and members of the New York City Police Department were assigned to physically safeguard the property of Prensa Latina. When the difficulty did not develop as anticipated this special protection was continued for a period of days and discontinued only with the full knowledge and agreement of the Prensa Latina officials. Unfortunately, despite the efforts of this Government to protect the Prensa Latina offices, the attack did occur on April 27, 1962.

The United States Government regrets that such an incident occurred and every effort is being made to identify and apprehend those persons responsible.

The warnings given by the New York City Police Department on June 12, 1962 to the Permanent Mission of Cuba to the United Nations demonstrate the interest of this Government in preventing such matters. Immediately upon learning of the possibility of an attack upon the Permanent Mission of Cuba, the New York authorities alerted responsible officers of the Permanent Mission of Cuba and offered every assistance. This safeguard continues to date despite the threats to carry out the threat of violence. This cooperation on the part of the New York and United States Government authorities
